

Family and Friends Update

February 7th, 2023

Re: COVID-19 and La Rosa Gardens

La Rosa Gardens, as always continues to have the residents' health, safety and well-being as our top priority. Throughout the past several years there has not been any task too small or large that we have not been able to take on. The steps we have taken to uphold the level of safety and security for our residents has proven to have positive results throughout these unprecedented times.

We want you to know that we will continue to take the necessary steps to ensure these high standards. As of current, the rules and restrictions for La Rosa Gardens, a registered Assisted Living facility is as follows:

- All visitors must be fully vaccinated (2-full doses) to visit on the premises; exceptions may include: palliative/end-of-life, essential, and medical.
- All visitors must be screened by designated Door Greeter: provide full name, contact number, resident they are visiting and vaccination status.
- All visitors must wear medical grade mask while in all common areas.
- Un-vaccinated visitors must keep medical grade mask on for duration of visit in both the common areas as well as in the resident's private apartment.
- All La Rosa Gardens staff are required to be screened upon start of their shift and are to wear a medical grade mask for the duration of their shift.

Residents have been able to enjoy fun, meaningful activities 7-days a week throughout the pandemic. We are pleased to share that in the past 6 months we have been able to safely bring back a few items such as: Bus outings in the community, welcoming in entertainers, church service, and new for La Rosa this past year is our Drumfit program.

La Rosa now offers our *AI Cove* dining space, located just off our main dining room for family and friends to reserve for lunch and/or dinner service. This option must be pre-booked with the office and details of the cost will be discussed during booking.

Please continue to follow our website for up to date information. We thank you all for the ongoing support and dedication to the La Rosa Garden's residents. If you have any questions please feel free to email or give us a call!

Thank You,

Management Team
